

CAPTI ROSTERING OPTIONS

Capti offers multiple rostering methods to fit your district's needs—whether you need a quick setup or a fully automated, secure integration.

Fast, Flexible, and Secure

Capti makes rostering simple — whether you need quick manual setup or a secure, automated integration. We work closely with your team to ensure a smooth onboarding process while prioritizing data security and privacy.

Manual Rostering (CSV)

- Upload CSV files to quickly add students and staff.
- Flexible role and location assignment.
- Option for anonymous rostering when needed.

LMS Rostering (LTI)

- Canvas, Schoology, Blackboard, Google Classroom.
- Accounts are auto-provisioned on first access.
- No pre-setup required.

Clever Sync (REST API)

- Seamless integration with Clever for automatic rostering.
- Daily sync with your Student Information System (SIS).
- Secure and efficient management of users.

ClassLink Sync (OneRoster)

- Rostering via ClassLink's OneRoster format (not API-based).
- Automated daily updates to keep rosters current.
- Works directly with your SIS.

SFTP Sync (OneRoster)

- Secure file transfer method for OneRoster-formatted CSVs.
- Supports locations, classes, users, and enrollments.
- Scheduled daily sync or manual uploads.
